	LOOPS		
	The 1st 3 loops are variations on a groove. The 4th loop is an intro loop and the 5th loop has a fill for transitions such as verse to chorus etc. Try triggering the intro loop every half bar until you want the main groove to start. At that point (the last bar of the intro) release the loop to play for the whole bar. All loops are 1 bar +1 beat.
